## Honored Survivors 2011

In more than 50 cities across America, thousands of people walk to make a difference in the lives of those affected by lupus; to raise awareness; and funds essential for research, education, and support services.

**- DID YOU KNOW -**

- Lupus is an acute and chronic (lifelong) autoimmune disease in which the immune system is unbalanced, causing inflammation and tissue damage to virtually every organ system in the body.
- An estimated 1.5 million Americans have some form of lupus.
- Ninety (90) percent of the people with lupus are women; however, men and children also develop the disease.
- Lupus is two to three times more common among African Americans, Hispanics/Latinos, Native Americans, and Asians.
- Lupus is a disparity that remains unexplained.

**THESE ARE A FEW REASONS WHY  
WE NEED YOUR SUPPORT AND ASK  
YOU TO JOIN US IN THE 7th  
ANNUAL VIRGINIA DAVIS MEMORIAL  
WALK FOR LUPUS**

**Overton Park • Memphis, Tennessee  
8:30 a.m. - May 28, 2011**

## WAIVER OF RELEASE

**Please read and sign below:**

I, the undersigned, agree to hold harmless Neshoba Community Resource Center, New Sardis Baptist Church, the City of Memphis, Overton Park, the Lupus Foundation of America, the LFA-Memphis Area Chapter, Inc., and all sponsors and organizers associated with this walk from all costs, expenses, and liability arising out of my participation in this event. I waive all claims for damage or loss to me or my property by participating in this event and thereby assume liability for any loss, damage, or expense from such event. I attest and verify that I am physically fit for this walk. I grant full permission for the aforementioned organizations and others to use photos, videos, or any record of this event, in which I may appear, for any legitimate purpose.
